URBAN GEOCACHE

OR ART NOUVEAU TREASURE HUNT

Dear Adventurer,

Now that you hold this map in your hand, you are ready to begin the treasure hunt! Nine wooden chests were scattered in the city - each within an iconic Art Nouveau era building.

On this map, you can see address, opening hours during the game period (2011 June 11 to October 31), and the GPS coordinates of these buildings. Visit all of them – in some places the chests are easy to find, in other places you might have to search for them for a little while.

You will find a visitor's book and a little surprise in the treasure chest, the point of the game being that you exchange a small souvenir you bring along for what you chance upon in the chest.

We welcome your comments on the treasure hunting on the www.szecesszio.eu website.

Good luck on the hunt!
